

Opening prayer/reflection for a group of spiritual directors

Take some time now to become more still... to be present to yourself...

Now let yourself be aware of God's presence ...

Greet God with the name that is right for you now...

Receive God's greeting of you, with the name that is right for you now...

Draw upon God's giving to you...

Notice your hopes and desires for today...

... your concerns and distractions...

Talk with God about your hopes, desires, concerns, & distractions...

In your mind's eye, go to the place where you meet those who come to you for spiritual direction, as you await the arrival of a directee...

Notice your hopes..., your desires for yourself as a spiritual director...
... for your directees

Listen for God's desires for you and your directees...

Relax in the sharedness of these desires...
